TO: DRWA Conference Exhibitors/Associate Members

FROM: Debbie Duncan

DATE: December 7, 2020

SUBJECT: **Delaware Rural Water Association Conference Date Change**

Due to the COVID virus, the Delaware Rural Water Association Conference has been rescheduled for **August 17-19, 2021**. The conference will still be held at the Harrington Fairgrounds. This change was necessary because of the limitations being assessed due to the COVID virus.

If you prepaid at last years' conference to reserve your exhibit booth, then that booth has been reserved for you. If you didn't prepay for a booth, you will be able to reserve your booth now. Enclosed is a layout of the exhibit hall which now will be in two different buildings. In order to reserve your booth, you need to call Debbie at 302-462-0467 and I will reserve the booth for you. On the exhibit hall layout, booths highlighted in yellow are unavailable. Booths will be reserved on a first-come first-serve basis. So, call today to reserve your booth!

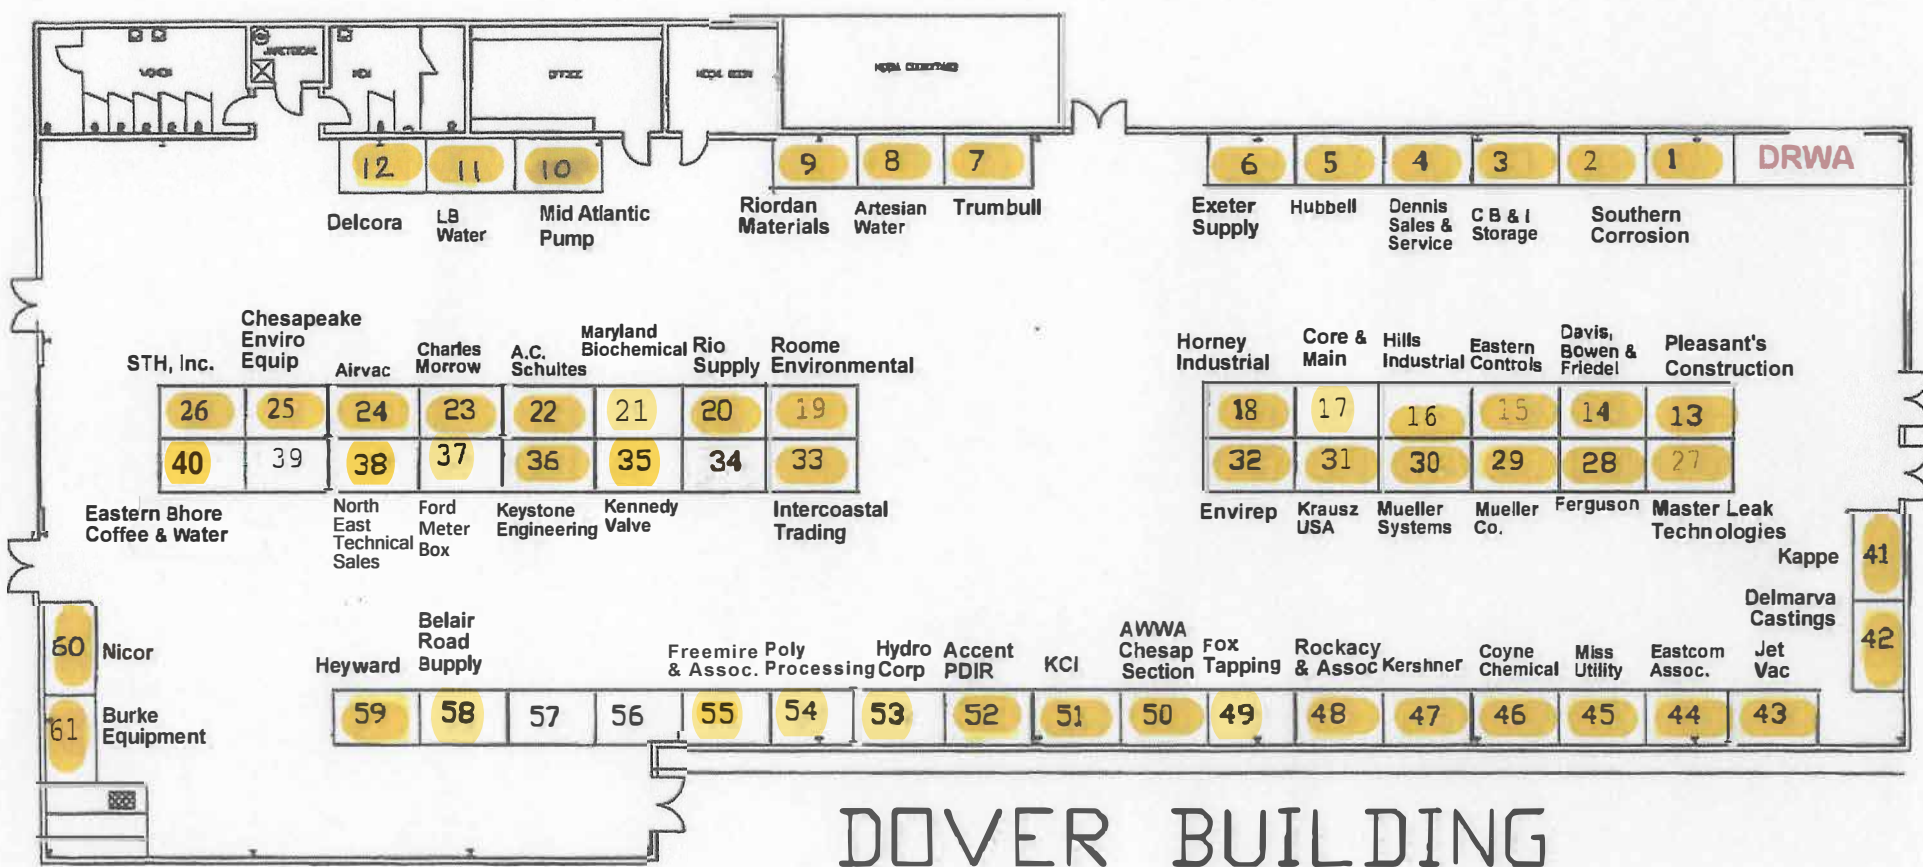

If you are interested in providing a training session at this conference, please let me know.

Registration forms and conference information will be mailed out in March, 2021.
