Delaware Rural Water intends to find out who has the best tasting water in the state. Enter your sample to be judged by your peers at the DRWA Annual EXPO on Friday, October 7, 2022. Samples need to be at the DRWA EXPO desk no later than 10:00 am. The participating system must be a member of DRWA and the contest is limited to systems serving populations less than 10,000. Systems must be in good standing and have no current violations for Bacteriological or Contaminant monitoring.

The sample must be received in an unmarked non-returnable quart glass jar. Each sample will be logged in and assigned a number in order to maintain anonymity. Attendees will sample the water submitted and vote on their choice of best tasting water from the entries received. The sample with the highest number of entries will be given the title of "Best Tasting Drinking Water in Delaware 2022". This winner will also be registered to compete in the National Rural Water Association "Best Tasting Water Competition" in Washington, DC. The second and third judged samples will also be recognized.

Contact DRWA at 302-424-3792 or email [debbie\\_drwa@yahoo.com](mailto:debbie_drwa@yahoo.com) if you have additional questions concerning the contest.
