INSTRUCTOR SPOTLIGHT

Sheila holds Bachelors degrees in Biological Science and Civil Engineering as well as a Masters degree in Civil/Environmental Engineering, from the University of Delaware. She worked in the water and wastewater utility industry for over 30 years. Ms. Shannon retired as the Director of Water Quality for Tidewater Utilities, Inc. where she was responsible for monitoring and planning of drinking water and wastewater regulatory compliance activity.

We look forward to Sheila joining us & sharing her knowledge with our class!

Delaware Rural Water Association Presents:

Corrosion Control

Wednesday, March 2nd 2022

This session will cover the adverse effects of corrosion and how a pipe corrodes, how to determine if corrosion problems exist in a system and determine if a water is saturated with calcium carbonate. Participants will also learn about controlling corrosion using proper chemicals and dosage and cathodic protection, preventing soil corrosion, troubleshooting and solving corrosion problems and the Lead and Copper Rule.

This is part five (5) of a five (5) part (27 Hour) series on Chemical Feed

Time: 9:00 am - 12:00 pm
 ECH's: 3.0 Hrs. Water -Direct
 Cost: **\$50.00 Per Person**
 Location: DRWA Training Facility 210 Vickers Drive Milford, DE.
 Instructor: 19963 Sheila Shannon

PLEASE NOTE: CLASS LIMIT IS 40
