

# Project Sunrise Overview

In order to improve the resiliency and sustainability of Delaware Water Systems, The State of Delaware Department of Health and Social Services (DHSS) is collaborating with clean energy advisor BlueSky Power to introduce Project Sunrise, a new initiative for accelerating clean energy projects.

Both public and private water systems are invited to participate in the program, with DHSS and BlueSky providing feasibility studies to the water systems to determine the most effective clean energy infra- structure approach and a clear path for funding and implementation.

## The project is intended to ensure water systems:

- Stay operational without losing power
- Reduce carbon footprint
- Save money on energy

## Project Sunrise Process:

- Complete application
  - Feasibility study
- RFP issued for clean energy project finance and installation
  - Clean energy construction
- Clean energy powering DE Water Systems and saving money

*Resources and more information about Project Sunrise and the January workshops will be made available on the DHSS Drinking Water State Revolving Fund website and to all Delaware water systems.*

## How to Participate:

January 12, 2022  
Workshop

January 26, 2022  
Additional Information Session

January 15 - February 14, 2022  
Window open to apply for a clean energy feasibility study

February 14 - 28, 2022  
Review Applications

March 1 - April 14, 2022  
Conduct site visits, analyze systems, and complete feasibility studies

## **Agenda**

1. Introduction to DWSRF and BlueSky Power Team
2. DWSRF and CWSRF Joint Funding Workshop Announcement
3. DWSRF loan and grant funding Availability for 2022
4. Notice of Intent (NOI) Process for DWSRF
5. Matching Planning and Asset Management Grant Application Process
6. BlueSky Power Introduces Project Sunrise
7. Question and Answer
