Delaware Rural Water Association Presents:

Phosphorus in the Circle of Life - A Holistic Approach to Corrosion Control and Water Quality

Thursday, December 1st 2022

This class will present a holistic view of corrosion control treatment and the effects that it has on the greater environment. We will take a look at traditional treatment options and how those decisions have effected wastewater treatment and current trends. We will also highlight the upcoming LCRR and how to approach treatment solutions for compliance and minimizing environmental impact while still using phosphates.

Time: 9:00 am-12:00 pm
ECH: 3.0 Hrs. Water & Wastewater - TBD
Location: DRWA Training Facility
210 Vickers Drive
