INSTRUCTOR SPOTLIGHT

Sheila holds Bachelors degrees in Biological Science and Civil Engineering as well as a Masters degree in Civil/Environmental Engineering, from the University of Delaware. She worked in the water and wastewater utility industry for over 30 years. Ms. Shannon retired as the Director of Water Quality for Tidewater Utilities, Inc. where she was responsible for monitoring and planning of drinking water and wastewater regulatory compliance activity.

We look forward to Sheila joining us & sharing her knowledge with our class!

Delaware Rural Water Association Presents:

Water Softening- Part I

Wednesday, January 26th 2022

This session will cover what makes water hard and the advantages of softening. Participants will learn about operating and maintaining the processes used to soften water, the start up and shut down of water softening units and blending softened waters with unsoftened waters for delivery to consumers.

This is part one (1) of a five (5) part (27 Hour) series on Chemical Feed

Time: 9:00 am - 3:30 pm
 ECH's: 6.0 Hrs. Water - Direct
 Cost: **\$100.00 Per Person**
 Location: DRWA Training Facility
 210 Vickers Drive
 Milford, DE. 19963
